## CORNERSTONE RESEARCH

**Economic and Financial Consulting and Expert Testimony** 

Want to apply your academic studies to real-world problems? Interested in helping to create solutions that have an impact?

Apply to participate in our Sophomore Summit program by March 29, 2024.

# Sophomore Summit 2024

Our unique program offers select college sophomores (graduating in 2026) who self-identify with at least one historically underrepresented group the opportunity to discover the economic consulting industry: how it works, why it is exciting, and what skills are helpful to those who choose it as a career path.

During an intensive two-day curriculum, you will gain firsthand experience. You will complete a mini-project, based on types of cases that our firm has worked on, and develop an understanding of how you can apply your academic studies to real-world problems. Along the way, you will get to know the people at our firm and learn about career opportunities at Cornerstone Research.

### How do I know this program is for me?

We created this program for qualified undergraduates from a wide range of colleges and universities. We encourage you to apply if you relate to one or more of the following:

- Analytical and intellectually curious
- Ready to learn new skills
- Drawn to economics and finance
- Interested in a consulting career

#### When is the program?

The two-day virtual program will take place May 22–23, 2024.

#### Ready to apply? Here's how.

Visit our careers page for full details. Please submit your resume, college transcript, personal statement (in the form of a cover letter), and application questions by March 29, 2024.

Cornerstone Research is a leading firm providing economic and financial consulting to attorneys and companies involved in complex commercial litigation and regulatory proceedings. We work with prominent academic and industry experts to provide our clients with state-of-the-art analyses. Read more information on our commitment to Diversity, Equity, and Inclusion.
